Purpose of Change

Dear Sir/Madam:

Re: Application for a Permissive Change Filing with FCC ID: VLJ80-7000-01

The purpose of this document is to describe all the changes that are made to the model **Motorola L402C (base unit)** from the previous model **Motorola L402C (base unit)**, in order to meet the new features.

Changes from the existing L402C to the new L402C:

- Circuit is added onto the main board to stabilize the MCU voltage regulation. The circuit will stop working after powered on within 5 seconds.
- MCU CPU form changed to die form

Similarities between existing L402C to the new L402C:

- Mainboard PCB layout
- Same frequency band & channels
- Same handset RF circuit, layout and RF chips
- The power supply scheme and the DC current consumption are very similar

Sincerely,

for and on behalf of
BINATONE ELECTRONICS INTERNATIONAL LTD.

.....
Authorized Signature
