

6/15/2023

Federal Communications Commission  
7435 Oakland Mills Road  
Columbia, MD 21046

SUBJECT: Change of ID

To Whom It May Concern:

This letter grants authorization for representative of Alcon Research LLC to apply to the FCC for a change in identification as specified under 47CFR section 2.933 of the FCC rules.

The original certification FCC ID: SQGBL654 will remain valid.

This authorization applies to the Laird Connectivity LLC model BL654, FCC ID: SQGBL654. The original grant date was 6/29/2018 and C2PC 3/12/2021 (Addition Zigbee 802.15.4).

Alcon Research LLC will be marketing the BL654 module as a module under a new FCC Identifier. Alcon Research LLC's grantee code is VMC and proposes that it be issued FCC Identifier VMGBL654 for the module.

Laird Connectivity has no control or responsibility with regards to the installation and use of the VMGBL654 module in the products outlined by Alcon Research LLC. As a result, Alcon Research LLC takes ownership and responsibility for compliance of their products which include the BL654 module.

The original test results, technical information and relevant documents continue to be representative of and applicable to the changed equipment. Any confidential information regarding the SQGBL654 module shared to various test and certification firms shall remain confidential amongst the parties involved and not be shared to other third parties (including Alcon Research LLC Inc) unless authorized.

Sincerely,

A handwritten signature in blue ink, appearing to read "Brian Petted", is written over a light gray background. The signature is stylized and cursive.
