

October 14, 2015

To whom it may concern,

Short term action: The below information will appear on an insert that will accompany the instructions for use for the Stride ITE custom products.

Permanent action: A change order will be issued to revise the "Compliance Information" section of the user guides to include the table/information below.

*Additional information concerning the chapter "Compliance information" within this user manual
In the table below the relation between the product identifiers (Stride ITE 13, 312; Stride ITE 10A; and Stride ITE 10A omni) and the corresponding Hardware Version Identification Numbers (HVIN) are given:*
