Ref: FCC Class II Permissive change for FCC ID: VNP-FTE
Original Grant date: 05/09/2019
Applicant: MED-EL Elektromedizinische Geräte GmbH

Dear Examiner,

This is to request a Class II permissive change for FCC ID: VNP-FTE

The major change filed under this application is:

- The remote control for MED-EL audio processors is equipped with two RF modules. For the original FCC certification only one RF module was activated. This C2PC covers the addition of BLE with 1 Mbps under the same equipment class DXX via software only. There is no increase of the max field strength as originally certified.

If you have any questions regarding this application, please feel free to contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read 'B. Stoebich', with a long horizontal flourish extending to the right.
