Security Precautions

Security Precautions: In order to have a proper and safety use of the headset, please read this user manual in detail and save it.

⚠ Be sure to aware the following guidelines when using your headset.

1. Should adjust volume and time reasonably when using the headset.
2. Please stop using the headset in potentially hazardous situation to ensure your safety.
3. Please avoid using headset to listen to music, make or receive calls to avoid distraction while driving.
4. Put this product and its accessories somewhere out of the reach of children, to avoid a fatal danger caused by inappropriate use.
5. Should keep water from entering the headset during grooming, which may cause damage to the sound quality or the headset.
6. Should avoid turning the volume so high that you can't hear anything around you. If you feel a tinnitus or the volume is too high, please reduce the volume.
7. Stop using the headset if you feel obvious discomfort, irritation or have other adverse reactions.
8. The headset should not be stored or use at temperatures below -15°C (5°F) or above 55°C (131°F) which may shorten headset or battery life.

🔌 Charger and battery:

⚠ Warning:

1. Please check whether the USB charging device is original or not before charging the Bluetooth headset.
2. Should use the original charging device to charge the Bluetooth headset, or it may damage it.
3. DC voltage should be 5V-5.5V, and the current must exceed 100mA.

🔌 Charging:

This headset uses a non-detachable built-in Li-Polymer rechargeable battery. Do not attempt to remove the battery from the headset in order to avoid damage to the headset.

1. Before charging, make sure the headset is switched off.
2. Plug USB cable into the charging port of headset. Then plug the other side of USB charging cable into the USB charger or other charging device. Charging will start and the red light remains bright.
3. The headset takes approximately 2 hours for fully charged. Blue light remains bright after charging completed.
