

16. SETUP PHOTOS

RADIATED AND POWERLINE CONDUCTED EMISSIONS MEASUREMENT SETUP	
A photograph of a white rectangular test chamber inside an anechoic chamber. The chamber is on a grey floor mat. To the left, there are orange safety railings. The walls of the anechoic chamber are covered in black pyramidal absorbers.	A photograph showing the back of the white test chamber. A blue antenna is mounted on top. The chamber is surrounded by black absorbers.
A close-up photograph of the front of the white test chamber. Two blue crosses are marked on the front face. A green antenna is visible on the left side.	A photograph showing the back of the white test chamber with a blue antenna on top. The chamber is surrounded by black absorbers.
A photograph of a yellow table in a laboratory setting. A small black device is on the table. In the background, there is a computer monitor and other equipment.	A side-view photograph of the yellow table. A computer monitor and other electronic equipment are visible in the background.
