Administration**

MAY - 4 2009

Mr. Andy Leimer
Federal Communications Commission
7435 Oakland Mills Road
Columbia, MD 21046

Dear Mr. Leimer:

Spectrum Engineering Services has received the EDMO letter, on behave of CSR, Inc., for the Federal Communications Commission (FCC) certification application of the transceiver, Model FL-M1000A, FCC ID-VOSFL-M1000A, dated April 17, 2009, and have completed the subject review. We have no objection to the FCC certification of this very high frequency transceiver, to be used on ground support vehicles within the aviation industry, in the aviation protected band of 118.0 MHz to 136.975 MHz.

If you require any additional information, please contact Ms. Annette Allender, Spectrum Planning and International Group, at (202) 267-3893.

Sincerely,

A handwritten signature in black ink, appearing to read 'RAF', with a long horizontal line extending to the right.

Robert A. Frazier
Manager, Spectrum Planning and
International Group
