Re: Request for confidentiality

Applicant: Freespace Systems, Inc.

FCC ID: VPN-KXS30SG

To whom it may concern,

***Permanent Confidentiality***

Request is hereby submitted by Freespace Systems to withhold permanently from public review certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) of the FCC Rules. In particular, the following sections of the application are to be kept permanently confidential:

- Schematics
- Detailed Block diagrams
- Detailed Operational/Functional Description
- Tune up procedure
- Parts list
- Internal photos (only when new technology is involved ; requires additional justification)
- User manual (only with added justification, such as professional installation)

Rationale for request for confidentiality:

Freespace Systems has invested considerable time and materials in research and development to produce the referenced product. [*Permanent confidentiality*: Disclosure of the permanently confidential portions of this application to competitors would not only give them significant competitive advantages in developing similar products, but would also disclose successful implementation of unpublished, leading edge technology developed by us.][*Short term confidentiality*: Disclosure of the short-term confidential portions of this application during the period of importation and/or distribution would reveal key aspects of proprietary technology to competitors and diminish the value of our investment in research and development.]

Sincerely,

President, Freespace Systems, Inc.
