Requesting permissive change

To Whom It May Concern:

The purpose of this letter is to request a Permissive change for
FCC ID: **VPYLB1YM**, Original grant date: January 19, 2021

The major change filed under this application is :

1. Evaluation has been done to ensure compliance of EMC and RF exposure.
2. The hardware design of this transmitter that may affect compliance is remained unchanged in this permissive change application.
3. The RF parameters of this transmitter that may affect compliance are remained unchanged in this permissive change application.
4. The security mechanism according to section II of KDB 594280 D02 is remained unchanged as it reported to the FCC at the initial certification.
5. WLAN transmitter only supports with passive scanning in UNII-2A & UNII-2C bands without radar detection, hence radar detection is exempted from evaluation in this permissive change.
6. The EVB design is changed in this permissive change application.
7. Adding new antenna(s) of the different type and low gain compared to the original grant conditions, please refer antenna report for details.

Sincerely,

K. Hayashikoshi
