Subject : Statement of Model Differences
Company : Murata Manufacturing Co., Ltd.
Product : Communication Module
Model : WS, WA

There are two variations for this module. The differences between the two models are as follows:

-WS: Antenna and module are separated.

-WA: Antenna is on the PCB of the module.

There is no difference in the RF circuit therefore no modification was made in radio/electrical characteristics.

Sincerely,

Takaharu Kawakatsu
