## Request for Class II Permissive Change

January 24, 2014

Federal Communication Commission  
Equipment Authorization Division  
Application Processing Branch  
7435 Oakland Mills Road  
Columbia, Maryland 21046

FCC ID : VPYLBYM  
Applicant : Murata Manufacturing Co., Ltd.

To Whom It May Concern:

This is to request a Class II permissive change for FCC ID: VPYLBYM, originally granted on 11/26/2013.

We granted Limited Single Modular approval without SAR testing because its output power meets the exclusion limits stated in FCC Part 2 §2.1093 and FCC radio frequency (RF) Exposure Guidelines. However we performed the SAR testing with host device, confirmed that this product still meets the minimum requirements of the applicable rules of FCC. Please refer to the test report submitted with this application.

Thank you for your attention to this matter.

Sincerely yours,

A handwritten signature in cursive script that reads "Takaharu Kawakatsu".

TAKAHARU KAWAKATSU
