We, GL Solutions Inc., will respond to this issue with below action.

[Issue]

For this FCC ID (VQ7TM10-B-QQ) filing, we have been uploaded the incorrect FCC ID (VQ7TM-B-QQ) label and we had been distributed about 4,000 RF modules with FCC ID (VQ7TM-B-QQ).

[Action]

This issue was consulted with the FCC staff in KDB inquiry with tracker number 245147. In accordance with this consult:

1. We will submit the correct FCC ID (VQ7TM10-B-QQ) label to TCB and they will upload the correct label on FCC server.
2. We will create another FCC ID (VQ7TM-B-QQ) by means of a Change ID based on the existing FCC ID (VQ7TM10-B-QQ) filing. All devices in the field will then refer to a correct and existing FCC ID again.
