Re: Change in identification authorization

To whom it may concern,

This letter grants authorization to representatives of Amimon Ltd. to apply to the FCC for a change in identification as specified under CFR Title 47, section 2.933.

This authorization applies to **Murata Electronics North America** model MBN52832 with FCC ID: **HSW2832** originally granted on **9/5/2017**, the C2PC change granted on **10/15/2018** and the C2PC change granted on **3/12/2020**.

We are aware that Amimon Ltd. intends to market the above referenced device under their own FCC ID: VQS2832 with model name: MBN52832.

The device subject to the change in identification is identical in design and construction of the original device. The original test results continue to be representative of, and applicable to, the device for which a change in identification is requested.

Sincerely,

A handwritten signature in black ink, appearing to be "Mark Tucker".

Printed Name: **Mark Tucker**
Position: **Hardware Engineering Manager**
Email: **mtucker@murata.com**
