Modular Approval Letter

Date: 2013-01-08

To whom it may concern:

We, Amimon Ltd., hereby request Limited Modular Approval for Product:
TxStickPro (Model number: AMN31292, FCC ID: VQSA-MN3129201).

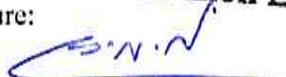

The EUT meets the requirement for modular approval as detailed in FCC Public Notice DA 00-1407. Compliance to each of the requirements is described below:

1. The modular transmitter have its own RF shielding. Please refer the product photo.
2. The modular transmitter has buffered modulation/data inputs, Buffered data inputs stage has been integrated in baseband chip (Model: AMN2120).
3. The modular transmitter has its own power supply regulation. Please refer to the Block Diagram.
4. Comply with the antenna requirements of Section 15.203 and 15.204(c), the module has 2 Ceramic Antenna with 2.0dBi antenna gain.
5. The modular transmitter be tested in a stand-alone configuration => the modular be supplied by DC power, and the cables was longer than 10cm at testing, all cables have not ferrites.
6. Equipped with either a permanently affixed label or must be capable of electronically displaying its FCC Identification number. FCC ID is shown on the label and permanently affixed to this modular transmitter, please refer to the User Manual.
7. Comply with any specific rules or operating requirements that ordinarily apply to a complete transmitter and the manufacturer must provide adequate instructions along with the module to explain any such requirements. The necessary explanation to be complied with this requirement is contained in the user manual, and please refers to the User Manual.
8. Comply with any applicable RF exposure requirements in its final configuration.

Sincerely,

Amimon Ltd
