

Appendix A

Non-Conformities for US Radio Equipment Authorization

Non-Conformities FCC ID: VR3EA100103 (CKC CS Ref # E08-000008-FCC-01)

The items listed below represent requests for information following review of this application for certification under United States (FCC) regulations. Further question may arise pending review of responses to these items.

OK	#	Non-Conformity or Comment	Submitted Response	Respondent / Date of Response
x	1	The Equipment authorization indicated on page one of the circuit description referenced to Part 15.201 which is not consistent with the authorization sought after. Please provide revised circuit description with the appropriate references.	CKC CS Management acknowledges that certification is sought pursuant to 15.201.	N/A
x	2	The schematic diagram indicated the presence of a 8MHz crystal, however this 8 MHz clock is missing from the block diagram. Please provide revised block diagram showing all oscillators in the device.	Updated block diagram provided.	CKC Labs 2/6/08
x	3	Page 10 and 11 of the listed TBD as the model number which is not consistent with the model number listed on the title page of the report and the application. Please provide revised data sheet with correct model number.	Updated test report provided.	CKC Labs 2/5/08
x	4	The internal photographs do not provide enough detail of the PCB and construction. Please provide legible internal photographs of the top and bottom of the PCB, including the removal of shielding, in addition to showing identity of major frequency determining components in accordance with 2.1033.	Updated exhibit provided with better resolution.	CKC Labs 2/5/08
x	5	Necessary user manual statements are missing from the user manual. Please provide an updated users manual incorporating the statement required by 15.21	Updated manual provided.	CKC Labs 2/5/08
x	6	The device incorporated digital control, IR transmit and receive capability, please provide an updated users manual incorporating the appropriate users manual statement in accordance with 15.105	CKC CS notes that equipment is not a computer peripheral.	NA
x	7	The label placement diagram does not clearly show whether the label is place at a visible location during the time of purchase. Please provide a revised label placement diagram clearly indicating the visibility of the label. Alternatively, a statement stating the label is placed in the battery compartment is sufficient for clarification purposes.	Updated exhibit provided.	CKC Labs 2/6/08

x	8	Please provide an updated label with labeling requirements in accordance with 15.19	Updated manual provided.	CKC Labs 2/5/08
x	9	CKC CS understands that client wish to obtain modular approval for this equipment. Please provide a letter requesting modular approval in accordance with DA 00-1407.	Device is a final product; does not qualify for MA – request rescinded.	CKC Labs 2/6/08

The items indicated above must be submitted before processing can continue on the referenced application. Failure to provide the requested information within 60 days may result in application dismissal pursuant to Section 2.917(c) and forfeiture of the filing fee pursuant to Section 1.1106.

---CKC CS SECTION--- ---Information below this line is for CKC CS Evaluators only---

CKCCS Note: Additions to non-conformities may be listed in a separate table for convenience. When separated, the non-conformity reference serial number (NN) is incremented using in the following format reference # E08-000008-FCC-NN.
