Gentlemen:

1. YEONHWA M TECH CO.,LTD requires the Part 90 FCC grant list frequencies outside of Part 90 assignments because state and local government users specify operation outside of Part 90 so that they can interoperate with Federal agencies. The issue being that user's that are not under NTIA frequency coordination must use radios that have FCC approval.
2. This equipment has a variant model.

Main Modle	Variant Modle	Variant Model Description
XR-150	XR-150R	Same circuit, 16-channel rotary, same part used
	XL-100	Same circuit, only Front Case different

3. Apply for change due to PCB board chip and structure change and output consolidation with software.

Sincerely,

---
