FCC Caution: To assure continued compliance, any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment. (Example - use only shielded interface cables when connecting to computer or peripheral device. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions. (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

This remote control may operate in humid environments, but not when placed on a wet surface.

REMOTE CONTROL FEATURES:

The RF remote control is equipped with a magnet for easy storage.

(1) Blower On/Off

By pressing this button, the blowers will power on at the last speed setting. Press this button again and the entire hood will power off, including lights.

(2) Blower Speed Selection

By pressing this button, the blower is switched on. Press this button again to cycle through all blower speeds.

(3) Lights On/Dim/Off

Switch lights on by pressing this button once, again to dim and again to switch off.

(4) Delay Off

By pressing this button, the blower and lights will enter Delay Off mode. This button will slowly illuminate indicating the function is on.
