Attestation Letter

December 9, 2015

To:
Bay Area Compliance Laboratories Corp.
1274 Anvilwood Avenue
Sunnyvale, CA 94089

Dear Sir or Madam:

ATREB215-XPRO board with model number A09-1980 and FCC ID: VW4A091980 which supports 2.4GHz and 915MHz ISM bands as per IEEE 802.15.4-2011 and IEEE 802.15.4g-2012.

This FCC ID is applicable only for the 2.4GHz band mentioned above. The sub-1GHz band of the REB215-XPRO shall only be used by technically qualified professional electronics experts inside lab environment for conducted measurements and not for radiated measurements in the North American band.

Sincerely,

A handwritten signature in black ink, appearing to read "Saravanakumar", with a horizontal line drawn underneath it.

Saravanakumar Marudhachalam

Staff Engineer
