## **Attestation Letter**

2017-3-23

To whom it may concern:

We, Atmel Norway AS, hereby declare that we have a product named as ATSAMR30-XPRO (Model number: A09-2722) tested by BACL. The device has 868 MHz (EU band) and 915 MHz (North America Band), but when it is market in the North America, the 868 MHz will be shielded so users cannot activate the 868 MHz EU band, only 915 MHz band in software can be operated.

We confirm that all information above is true, and we'll be responsible for all the consequences. Please contact with me if you have any question.

Sincerely Yours,

Signature
