

Operational Description

- 1、 Power Manage Circuit: BT1、 SW1、 C1、 C2、 U2compose Power Manage and supply circuit.
- 2、 Module Circuit: U7、 C4 compose Power Manage and supply circuit. Pin7 and Pin8 is for the choose of motion sensor direction angle.
- 3、 Sensor Circuit: U8、 R1、 R2、 R3、 C5、 C6、 C7、 C8、 D2 compose Sensor Circuit;
- 4、 Encoder Circuit: J1 is encoder;
- 5、 Key Circuit: SW2~SW7 compose Key Circuit, Each key has their own function.
