*Note:	(Insert Explan	ation as Necessary)	_
Ningha Dagua Mashagia 9 Flastospia Tashaglagu Ca Ltd. 1			
Ningbo Dooya Mechanic & Electronic Technology Co., Ltd. has spent substantial effort in developing this product and it is one of the first of its kind in industry. Having the subject information easily available to			
"competition" would negate the advantage they have achieved by developing this product. Not protecting the details of the design will result in financial hardship.			
of the design will result in financial nardship.			
Permanent Confidentiality:			
The applicant requests the exhibits listed above as permanently confidential be permanently withheld from public			
review due to materials that contain trade secrets and proprietary information not customarily released to the public.			
review due to materials that contain trade secrets and proprietary information not customarry released to the public.			
Short-To	erm Confidentiality:		
The applicant requests the exhibits selected above as short term confidential be withheld from public view for a			
period of(specify number of days not to exceed 180) ² days from the date of the Grant of Equipment			
Authorization and prior to marketing. This is to avoid premature release of sensitive information prior to marketing			
or release of the product to the public. Applicant is also aware that they are responsible to notify ACB in the event			
information regarding the product or the product is made available to the public. ACB will then release the			
documents listed above for public disclosure pursuant to FCC Public Notice DA 04-1705.			
NOTE for Industry Canada Applications:			
The applicant understands that until such time that IC distinguishes between Short Term and Permanent			
Confidentiality, either type of marked exhibit above will simply be marked Confidential when submitted to IC.

	(Sign	ature/Title ³)	(Print name)

² - Please refer to http://acbcert.com/documents/misc-docs/Memo-Short-Term-Vs-Standard-Confidentiality.pdf for complete details

¹ - The asterisked items (*) require further justification before permanent confidentiality will be allowed. These also currently require review by the FCC under their Permit-But-Ask policy before the grant is issued and can delay completion of an application. Further justification should be added to the note above. One such example for a potted device would be: "The EUT is FULLY potted using a non-removable epoxy based material. Removal of potting material causes irreparable damage to internal circuitry. See photographs exhibits that outline the device before and after potting."

³ - Must be signed by applicant contact given for applicant on the FCC site, or by the authorized agent if an appropriate authorized agent letter has been provided. Letters should be placed on appropriate letterhead.
