Board View 1****EUT Housing and
Board View 2**

Solder Board-Component View 1	 A photograph of a green printed circuit board (PCB) component, identified as 'View 1'. The board is rectangular and populated with various electronic components, including several surface-mount capacitors, a larger integrated circuit (IC), and a small black component. A white flexible cable is soldered to the board and extends upwards. The component is placed on a blue textured surface next to a metal ruler for scale. The ruler shows centimeters from 1 to 19 and millimeters from 1 to 19. The board's length is approximately 10 cm.
Solder Board-Component View 2	 A photograph of the same green PCB component, identified as 'View 2'. This view shows the opposite side of the board. It features a different set of components, including a large IC, several capacitors, and a small black component. The white flexible cable is also visible, extending upwards. The component is placed on a blue textured surface next to a metal ruler for scale. The ruler shows centimeters from 1 to 19 and millimeters from 1 to 19. The board's length is approximately 10 cm.
