Subject: Request Identifier Change from: N7NMC8775 to VZ8703541GSM

Ref: OET KDB 623615

Dear Examiner,

Pursuant to Paragraph §2.933 of the Commission's Rules (47 C.F.R.) and OET KDB 623615, L-3 Communication Systems – East (L-3 CS-E) requests a change to the FCC Identifier N7NMC8775 for the Sierra Wireless radio module to VZ8703541GSM for use in the L-3 Guardian™ GSM product.

- (a) No design changes to N7NMC8775 equipment were required for embedment into the L-3 Guardian™ GSM product.
- (b) This change in identification will require permissive change which will be filed in accordance with Paragraphs §2.1043 and §2.911.
 - (1) N7NMC8775 is the original identification used on this equipment.
 - (2) Authorization for N7NMC8775 was originally granted on August 5th 2006.
 - (3) The N7NMC8775 is embedded in the L-3 Guardian™ GSM product. No design changes to N7NMC8775 radio module were required for embedment into the L-3 Guardian™ GSM product. However, the L-3 Guardian™ antenna is different than the antenna used in the equipment from the original Sierra Wireless grant.
 - (4) Conducted based test measurements from the aforementioned N7NMC8775 filing apply to the L-3 Guardian™ product. Radiated based test measurements were completed on the L-3 Guardian™ GSM device with the N7NMC8775 installed and found to be compliant. Both conducted and radiated test reports will be submitted to the FCC. All test reports included in this filing were generated prior to this request and refer to the original equipment FCC ID N7NMC8775 but are applicable to L-3 Guardian™ GSM (VZ8703541GSM).
 - (5) Photographs of equipment are attached.

If you have any questions, please feel free to contact me at the address below.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert Honeywell".
