

Justification of USB Port

Attestation

FCC ID : W2LBDT-7000N

Product : 7 Inch NAVI & DMB & DAB System

Model : BDT-7000N

1. That the device will only work with USB connected memory media
 2. That the device will not be recognized by the Windows/Linux/other systems of a standard PC and that no drivers are available which would support such a configuration.
 3. How the “restriction” to operation of the EUT with only the above defined devices has been implemented.
