Gentlemen:

This letter is to comply with Sections 0.457 and 0.459 pertaining to confidential material. Smart microwave sensors GmbH would like the **internal photos** regarding this submission for FCC ID: **W34UMRROC28** to be kept confidential.

The photos contain trade secrets or technical data, which would customarily be guarded from competitors. Specific to this design is the antenna design where considerable design effort and IP (i.e. number and type of antennas) is contained. A photo of the antenna or the antenna distribution network located on the backside of the antenna board is enough to allow a competitor reverse engineer our design and thus impact our competitive advantage. For these reasons these photos should not be accessible to the general public.

Furthermore, the device is serviceable only by a smart microwave sensors GmbH designated technician.

Yours sincerely,

June 2, 2016, Dr. Ralph Mende,  
Managing Director, s.m.s, smart microwave sensors GmbH
