Permanent Non-Disclosure Agreement (NDA) for Internal Photos

Dear Sir/Madam,

This letter references §§ 0.457(d) and 0.459 of the FCC Rules as the authority for requesting confidentiality. Smart Microwave Sensors GmbH would like to acquire long term confidentiality regarding the **Non-Disclosure Agreement (NDA)** document itself and the **internal photos** under this submission for FCC ID: **W34UMRR1231**.

The aforementioned request of confidentiality is submitted because internal photos contain RF integrated circuits board layout patterns, antenna designs and antenna distribution networks, which are trade secrets and shall not be accessible to users or the public. The devices cannot be opened without special tools. In addition, the devices are not publicly accessible, but only installed through licensed distributors under NDA. For these items, Smart Microwave Sensors GmbH has signed NDA document(s) with customer(s) and/or supplier(s). Therefore, internal photos submitted to FCC shall never be available publicly or disclosed to unauthorized persons. Only Smart Microwave Sensors GmbH employees have access to these photos and devices, or customers under NDA. All the sales for these devices must be under NDA, restricting the disclosure of the propriety information, including internal photos.

The NDA, between Smart Microwave Sensors GmbH and our business partner(s), contains secret business agreements, therefore we would like to confirm again that the internal photos be treated in the category of permanent confidentiality under a NDA. Moreover, the NDA document itself shall also be kept as permanent confidential.

Yours Sincerely,

Ralph Mende

s.m.s, smart microwave sensors GmbH has spent substantial effort in developing this product and it is one of the first of its kind in industry. Having the subject information easily available to "competition" would negate the advantage they have achieved by developing this product. Not protecting the details of the design will result in financial hardship.

Sincerely,

By:
