Manufacturer's Declaration and Request for Permanent Confidentiality

August 29, 2012

FEDERAL COMMUNICATIONS COMMISSIONS
Authorization and Evaluation Division
7435 Oakland Mills Road
Columbia, MD 21046

Subject: Confidentiality Request regarding application for certification of **FCC ID: W4P-SP-W05**

In accordance with Sections 0.457 and 0.459 of the Commission's Rules, Delsys Inc. hereby requests long-term confidential treatment of information accompanying this application as outlined below:

- (1) Circuit Schematics of the EUT**
- (2) All Internal EUT Photographs**
- (3) Block Diagrams**
- (4) EUT Operation Description**

The above materials contain proprietary and confidential information not customarily released nor readily available to the public. This is particularly true for the circuit schematics, the block diagrams and the internal photographs of the EUT since the device is hermetically sealed and cannot be disassembled by non-destructive means. In addition, the EUT Operation Description provides details of our products' communication strategy, which we consider to be highly confidential. The public disclosure of these materials provides unjustified benefits to our competitors in the marketplace, and no IP protection from any party wishing to do us harm.

Sincerely,

Vice President of Product Development
