Declaration Letter

To whom it may concern,

We, Tobii Technology AB, declare that the embedded software of FCC ID: W5M-DMSSE07, will have Bluetooth functionality permanently disabled in module WG7351 when sold in the United States. It will not be possible for the end user to enable the Bluetooth functionality in module WG7351.

Should you have any questions or comments regarding this matter, please contact me at your convenience.

Sincerely yours,

Marten Skogo
