

Modular Approval Request Letter

Dear Application Examiner,

TTE Technology, Inc., its WIFI module, FCC ID: [W8UWAE22](#), would like to have your authorization as a modular approval specific to the mobile device such as LCD TVs. The requirements of section 15.212 have been met and shown on the following statements.

1. “The modular transmitter have not RF shielding.”
2. “The modular transmitter must have buffered modulation data inputs.” The EUT has buffered data inputs. It is integrated in chip AR9374.
3. “The modular transmitter must have its own power supply regulation.” The USB interface provides 5V DC. The on board regulator G5728 convert 5V DC to 3.3V DC.
4. “The modular transmitter must comply with antenna requirements of section 15.203 and 15.204(c).” The EUT meets the FCC antenna requirements. It’s an integral PCB antenna and has no antenna connector. The spurious emissions are shown in the test report.
5. “The modular transmitter must be tested in a stand-alone configuration.” The EUT was tested in a stand-alone configuration via a PCB to PDA. Please see section photographs of test configuration in the test report.
6. “The modular transmitter must be labeled with its own FCC ID number.” Please see exhibition Label Sample for the FCC ID of this module. And also in the exhibition User Manual, there are instructions give to the OEM on how to label the end product.
7. “The modular transmitter must comply with any specific rule or operating requirements applicable to the transmitter and the manufacture must provide adequate instructions along with module to explain any such requirement.” The EUT is compliant with all applicable FCC rules, detail instructions for maintaining compliance are given in the users Manual.
8. “The modular transmitter must comply with any applicable RF exposure requirements.” The EUT is compliant with all applicable RF exposure requirements. RF exposure is addressed in the test report.

Best Regards.
