   If the website is in the root folder, you can select it directly, and do not need operate as step 2.

● **How to exit the manager**

Move the cursor to the Close bookmark manager icon and press the [**EN**TER] button to confirm.

Opera APPS

⚑ **Brief introduction**

The user can browse and launch any application from the Opera App store dashboard. These applications are based on Opera Devices SDK and are displayed in a layout optimized for widescreen television. In the Opera TV Store, there are more than 100 high-quality, HTML5-powered TV apps available. You can choose any apps you like and either use them online or add them to "My Apps" for easy use. "My Apps" is located under the "More APPS" section.

⚑ **Operation instructions**

1. Press the [**HiSmart**] button to display HiSmart Hub.

2. Press the [▲/▼/◄/►] buttons to select the Opera Apps icon and press the [**EN**TER] button to enter My Apps interface. You can select the applications you want to enter and press the [**EN**TER] button to confirm.

My Apps   + MORE APPS   ≡ MENU

iG Receitas   vimeo   Zing TV

Viewster   Yandex   五子棋

3. Press the [**Return**] button to return to the upper menu or press the [**Exit**] button to close the apps.

● **How to add more apps**

1. Press the [▲/▼] buttons to select the "**MORE APPS**" button on the top of the screen and press the [**EN**TER] button to enter it.
   In the More Apps' subpage, the application is classified by All categories, New, Popular, Watch, Listen, Play, Socialize, Shop, Read, Use.

2. Press the [◄/►] buttons to select the classification and press the [▼] button to enter.

3. Press the [▲/▼/◄/►] buttons to select the applications which you want to install and press the [**EN**TER] button to enter the installing interface.

4. Press the "**ADD TO MY APPS**" button to install the applications or press the "**OPEN**" button to enter the application interface directly.
   If the applications have been installed, they will be shown in My Apps interface.

● **How to remove the installed apps**

1. Press the [▲/▼] buttons to select the "**MENU**" button on the top of the screen and press the [**EN**TER] button. A pop-up menu appears on the screen.

2. Press the [▼] button to select "**REMOVE APP**" option, select the application which you want to delete, then press the [**EN**TER] button.

- **SelfService**

1. Press the [▲/▼] buttons to select the "**MENU**" button on the top of the screen and press the [**EN**TER] button. A pop-up menu appears on the screen.

2. Press the [▼] button to select "**About**" option and press the [**EN**TER] button to view the service information.
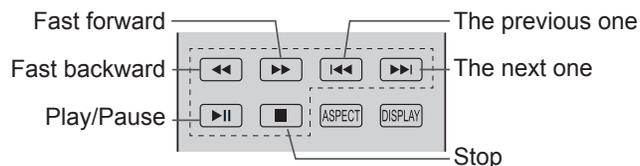

Digital Media Receiver

Brief introduction

With the Digital Media Receiver you do not have to crowd around a small tablet PC or smartphone screen to share video, music or pictures with friends and family. Simply browse, discover and beam media files stored on your Android or iOS device to your TV using the Twonky Beam application.

Operation introduction

1. TV side:
- Confirm the TV is connected to a local area network. (Reference the **Network Settings** section)
- Set DLNA to On. (Reference the **DLNA Settings** section)
2. Device Setup:
- Download the Twonky Beam application using the link found on the Hisense website at www.hisense-usa.com.
- Confirm the device is connected to the same local area network as the TV.
- Launch the Twonky Beam application, select the video, music or picture you want the share and beam it to the TV.
- You can control the playback using the TV remote or from the device application.

Media content control function buttons
