1435 Oakland Mills Road  
Columbia, MD 21046

Regarding FCC ID label placement for this application, SAF Tehnika AS wishes to place the label inside the battery compartment due to size, aesthetics, and durability. This device is small and is exposed to the elements, which would degrade labeling over time. The equipment is sold without the battery installed providing the end user exposure to the label before operation. This location will offer and ensure the end user opportunity to view the label before operation. The identifier label will be readily viewable each time the battery is removed or replaced. This location will help ensure the longevity of the label as this equipment may be in service in harsh environments.

Aivis Danovskis  
Product Manager  
SAF Tehnika AS

A handwritten signature in blue ink, appearing to read 'Aivis Danovskis', written over a horizontal line.
