STATEMENT OF CONFORMITY

Office of Engineering Technology
Federal Communication Commission

Product Description: Broadcom Radio Module BCM43460

Brand: NETSCOUT

Company: NetScout Systems Inc.

FCC ID: WA7-43460AC

Dear Sir/Madam,

The letter of conformity stating the Broadcom Radio Module BCM43460 is configured in SW to operate as a client device that will not transmit or beacon in DFS frequencies without initiation from a master. This client device is prevented from using ad-hoc peer to peer mode.

The Broadcom Radio Module BCM43460 is designed with drivers and software binaries that cannot be modified by users. The Broadcom Radio Module BCM43460 confirms to all frequency and power limits. It is controlled by NetScout System's software and tested to meet our application requirements at our US manufacturing facility.

Thank you for the attention.

Truly yours,

A handwritten signature in black ink, appearing to read "Tony Ho", is written over a horizontal line.
