Welcome to use this stereo Bluetooth adaptor, BTT001. Before using it, please read this user manual carefully

## ■ Before using

### 1. About BTT001

BTT001 is a Bluetooth adaptor. for iPod. It supports the following Bluetooth profiles.

Profiles	Description
A2DP (Advanced audio distribution)	Stereo music play
AVRCP(Audio/video remote control)	Music remote control(control the function of pause、 play、 last song and next song)

As long as you plug the adaptor into the iPod, and pair with your stereo Bluetooth receiver(such as stereo Bluetooth headsets or Bluetooth speakers),you can enjoy music wirelessly. Additionally , you can remote control your iPod through operating the receiver if your Bluetooth receiver also supports AVRCP ,.

Using it as soon as you plug it in, no need to charge. It is very convenient.

### 2. Overview

- 1 iPod dock connector——using it to connect with iPod
- 2 Indicator LED——status indication

## ■ Start to use

### 1、 Switching on/off the adaptor

Function	Operation	indicator light
Turn on	Connect the adaptor with iPod	Indicator flashes quickly
Turn off	Take out the adaptor from iPod	Indicator light is off

Note : please operate your iPod if the adaptor dose not work.

### 2、 Pairing with Bluetooth devices

You can enjoy music wirelessly after pairing and connecting the adaptor with Bluetooth receiver,. Before pairing, please make sure your Bluetooth receiver supports A2DP profile. The steps are as follows:

- 1)、 Keep the adaptor and your stereo Bluetooth receiver within 5 meters
- 2)、 Turn on your Bluetooth receiver, and turn it to pairing mode.
- 3)、 Connect the adaptor with iPod, make sure your iPod is on, the indicator light will flash quickly..
- 4)、 The adaptor will search and pair with the Bluetooth receiver automatically..
- 5)、 After successful connecting the adaptor indicator LED will flash slower than before. At this time, play music in the iPod .

**Note :**

- The adaptor can pair with stereo Bluetooth receivers which PIN Nos. are "0000", "1234", "7777" or "8888".
- Connecting with the last paired device automatically when turn on the adaptor. So, .If you want to pair with other devices, please turn off the current receiver, and then start to pair with new device.

### 3、 Music remote control

You can remote control last song、 next song、 pause、 revert to play through operating the Bluetooth receiver. This function needs your Bluetooth receiver to support AVRCP(audio/video remote control) profile. Please refer to your user manual of Bluetooth receiver for further information.

### 4、 Indicator LED

Indicator LED	Status of adaptor
Blue LED flashes quickly	Pairing mode or disconnect with Bluetooth device
Blue LED flashes every 2 second	connected with Bluetooth device
