Declaration of Identity

General: testo 160E /160THE /160THL/160THG are the variant products of testo 160TH

The difference between testo 160TH/160E /160THE /160THL/160THG are:

1. The own different model names
2. Their wifi module is the same, no difference
3. The different of probe interface
 - 3.1 They have the same hardware, just 160E /160THE have two probe interface
4. The different function
 - 4.1 160TH internal temperature& humidity sensor
 - 4.2 160E internal temperature sensor, have two probe interface, can used for temperature/humidity/LUX/UV detection
 - 4.3 160THE internal temperature& humidity sensor, have two probe interface , can used for temperature/humidity/LUX/UV detection
 - 4.4 160THG internal temperature& humidity & shock & vibration sensor
 - 4.5 160THL internal temperature& humidity & LUX & UV sensor
5. The models don't look the same from the external photos.
6. The various probes add circuitry that will not change the electrical characteristics.
