

Request for FCC Class II Permissive Change

FCC ID: WBV-AP630

Date: 2018-08-28

TO: Federal Communication Commission

This is to request for Class II permissive change for FCC ID: **WBV-AP630** originally granted on 07/23/2018.

This application is based on:

1. Updating Version of chip BCM43694:
There are no RF or analog changes between BCM43694 B0 and B1. Both have the same 802.11a/b/g/n/ac/ax functions with no change in RF modulation and output power. The two chip revisions are pin to pin compatible in the 12x12mm package. The metal mask change to B1 only affects digital circuitry in the receiver.
2. There is not any other change to this device, including RF parameters (antenna, software and hardware versions, frequency band etc.).
