## FCC Statement:

This device complies with part 15 of the FCC Rules. Operation is subject to the following

two conditions: (1) This device may not cause harmful interference, and (2) this device

must accept any interference received, including interference that may cause undesired

operation.

This equipment has been tested and found to comply with the limits for a  ${\it Class}\ {\it B}\ {\it digital}$ 

device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This

equipment generates, uses and can radiate radio frequency energy and, if not installed

and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a

particular installation. If this equipment does cause harmful interference to radio or

television reception, which can be determined by turning the equipment off and on,

the

user is encouraged to try to correct the interference by one or more of the following measures:

- -Reorient or relocate the receiving antenna.
- —Increase the separation between the equipment and receiver.
- —Connect the equipment into an outlet on a circuit different from that to which the

receiver is connected.

-Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications not expressly approved by the party responsible

for compliance could void the user's authority to operate the equipment.

IC Statement

This device complies with Part 15 of the FCC Rules and with RSS-210 of Industry Canada.

Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and (2) this device must accept any

interference received, including interference that may cause undesired operation. Changes or modifications to your device not expressly approved by the party responsible for

compliance can void the user's authority to operate the equipment.

Cet appareil est conforme à la RSS-210 du réglement de la IC. Le fonctionnement est sujet aux

deux conditions suivantes:

- (1) Cet appareil ne peut causer d'interférences nuisi-bles
- (2) Cet appareil reçit toute interférence même les interférences qui peuvent occasioner un

mauvais fonctionnement.

Les modifications apportées à votre appareil et non expressément approuvés par la partie

responsable de la conformité peuvent annuler le droit de l'utilisateur à utiliser l'équipement.
