

### *ID Label/Location Info*

Approved in accordance to FCC rules, Vital Jacket was marked by FCC ID WDPHWM-001 label. In user manual should be included the FCC-ID information.

All this labelling will be placed on the final product, clearly visible to all persons exposed to the transmitter. The specific location on the final product will be in plastic cover. The physical size of the label and font size of the lettering will be clearly visible to all persons exposed to the transmitter.
