FEDERAL COMMUNICATIONS COMMISSION STATEMENT

FCC Part 15.19

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Part 15.21

You are cautioned that any changes or modifications not expressly approved by the part responsible for compliance could void the user's authority to operate the equipment.

This Equipment has been tested and found to comply with the limits for a class B digital device, pursuant to Part 15 of the Federal Communications Commission (FCC) rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- ◆ Reorient or relocate the receiving antenna.
- ◆ Increase the separation between the equipment and receiver.
- ◆ Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- ◆ Consult the dealer or an experienced radio/TV technician for help.

Operation is subject to the following two conditions:

- 1) this device may not cause interference and
- 2) this device must accept any interference, including interference that may cause undesired operation of the device.

FCC RF Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

End users must

follow the specific operating instructions for satisfying RF exposure compliance. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

IC Statement

RSS-GEN, Sec. 7.1.3

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is Subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

French Version (Per RSS-GEN, Sec. 7.1.3)

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement

Introduction

Thank you for purchasing the **MediaCell Bluetooth® Remote Control**. This User's Manual contains information that will help to operate the device as well as answering questions about certain special keys and buttons. Please keep this manual in a safe place for future reference.

System Requirements

- iPhone 4/4S/5/5S
- iPad/ iPad2/ The New iPad/ iPad mini/ iPad Air
- Smart phones & tablets with Android 3.0 or higher
- Bluetooth 3.0 or higher

Package includes:

Mediacell Bluetooth® Remote Controller x 1

General Specification

Dimension : 150 x 60 x 21 mm

Battery : AA x 2ea

Approximate weight : 130~140g

Device Name: MediaCell Remote

LED color: Blue and Red

Indicate ready for pair : LED blue is blinking slowly

Complete pairing : LED is Off

Whenever button is pressed : Blue LED is on and off

Battery low : LED in red is blinking rapidly

Device pairing

1. Before you begin, please insert two AA batteries as labeled on the remote control.
2. Turn on the Bluetooth from iPad/Smart Phone.
3. Turn on the MediaCell Remote power switch and press and hold the pairing button. (Please make sure the Blue LED is flashing)
4. The device "MediaCell Remote" displays on iPad/Smart Phone. Then, choose "Connect".
5. Start using the MediaCell Remote.

Note: 1. Please press any key to re-establish the connection between MediaCell Remote and iPad/Smart Phone after turning the Power Switch On.

2. There is a power switch at the right side of the MediaCell Remote. When not in use, please turn to OFF to save battery power.

Troubleshooting

If unable to connect the MediaCell Remote and smart phone/tablet, or the remote is unresponsive, please try the steps below:

1. MediaCell Remote may be in Standby Mode, just click any button of the remote to reactive it.
2. Make sure that the keyboard is within the effective range-32ft.
3. Make sure that there's no change of the Bluetooth facility. If anything changed, pair the device again.
4. If your Bluetooth facility is connected to other Bluetooth products, confirm that the speed of the Bluetooth facility is enough.
5. Check the batteries. Make sure the batteries are installed correctly. Check to make sure the batteries installed are not dead. The battery LED should turn blue when turned on, and will turn blinking red when the batteries are getting low.
