

Your Vision, Our Future

Date October 07, 2008

To Federal Communications Commission

From: Takashi Furuki

Re: Professional Installation

The 444-59005 is a RFID module installed into a Full Color Inkjet Web Printer. Personnel trained would install this radio device inside the final product. The part 15 requirements will be followed by the personnel trained by OLYMPUS CORPORATION.

Meanwhile OLYMPUS CORPORATION will not distribute, market or sell to the general public the 444-59005.

Sincerely yours

Takashi Furuki  
Supervisor, Quality Assurance, PS Business Division
