How the fn key works on Mac

If you need to type **F1** (rather than darken the screen) simply hold down **fn** and then press **F1**.

If this is not convenient, you can reverse it, via the System Settings:

newer Mac:

 menu > **System Settings**
> **Keyboard**

and check the box, as shown below.

older Mac:

 menu > **System Preferences...**
> **Keyboard**

and check the box, as shown below.

PMN:Wireless USB-C Keyboard

HVIN:FK418DC

Charge it first

Charge the keyboard from a computer or USB-C charger. A full charge from empty takes **5 hours**, and lasts approximately **3 years** (in typical use).

Nano Receiver stays plugged in

Setup is simple... Plug the Nano Receiver into your computer, then turn on the keyboard.

The Nano Receiver stays plugged in, for instant wireless reconnects — plus its small size makes it perfect for notebook users.

Press the **POWER** button to turn ON / OFF.

The **Caps Lock indicator light** will flash...

Green to indicate **ON**
or
Amber to indicate **OFF**

What the Indicator Lights mean...

Flashing Green (1-2-3)	Keyboard ON
Flashing Amber (1-2-3)	Keyboard OFF
3 Flashes	Battery at / near FULL charge
2 Flashes	Battery HIGHER than 50%
1 Flash	Battery less than 50%
Flashing Red	Keyboard NEEDS charging
Flashing Blue	Pairing mode

matias

How to Pair to a new Nano Receiver

Your keyboard is ALREADY paired to the receiver it came with, so you can skip this step, unless there are special circumstances — for example, pairing to a new replacement receiver.

You can pair any number of Matias mice or keyboards to the same Nano Receiver. This is especially convenient for laptop users. For example, if you have a keyboard / mouse setup at home, and another at the office, you can plug one Nano Receiver into your laptop and pair all the devices to that one receiver. Paired devices will automatically connect when they are in range.

- 1) **Unplug** any receivers that may be in range of the keyboard.
- 2) Hold down the **Return** key THEN press the **POWER** button UNTIL the **Caps Lock** light starts **flashing Blue**.
- 3) Plug the **Nano Receiver** into your computer.
- 4) When the indicator light **stops flashing**, pairing is **complete**.

If you've lost your Nano Receiver...

We have replacement receivers available.

Warranty

Matias Corporation ("Matias") warrants to the original end user ("Customer") that this product will be free from defects in workmanship and materials, under normal use, for 2 years from the date of original purchase from Matias or its authorized reseller. Matias' sole obligation under this express warranty shall be (at Matias' option and expense) to repair or replace the product or part with a comparable product or part. All products or parts that are replaced become the property of Matias.

LIMITATION OF LIABILITY

To the full extent allowed by law, Matias excludes for itself and its suppliers any liability (whether based in contract or in tort, including negligence) for incidental, consequential, indirect, special or punitive damages of any kind, or for loss of revenue or profits, loss of business, loss of information or data, or other financial loss arising out of or in connection with the sale, installation, maintenance, use, performance, failure, or interruption of this product, even if Matias or its authorized reseller has been advised of the possibility of such damages, and limits its liability to replacement, repair, or refund of the purchase price paid, at Matias' option. This disclaimer of liability for damages will not be affected if any remedy provided herein shall fail of its essential purpose.

This keyboard contains no user-serviceable parts, and should not be opened or disassembled — risking damage to it and injury to you. Do NOT remove, crush, or puncture the battery inside, or expose it to high temperatures or liquids.

When this product reaches its end of life, please dispose of it according to your local environmental laws and guidelines. The lithium-ion battery in the keyboard should be recycled or disposed of separately from household waste, by a qualified service provider.

FCC& ISDE Statement

This device complies with Part 15 of the FCC Rules and with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Cet appareil est conforme à la partie 15 des règles de la FCC et aux normes RSS exemptées de licence d'Industrie Canada. Le fonctionnement est soumis aux deux conditions suivantes : (1) cet appareil ne doit pas causer d'interférences nuisibles, et (2) cet appareil doit accepter toute interférence reçue, y compris les interférences pouvant entraîner un fonctionnement indésirable. Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device meets the exemption from the routine evaluation limits in section 2.5 of RSS 102 and compliance with RSS 102 RF exposure, users can obtain Canadian information on RF exposure and compliance. Cet appareil est conforme à l'exemption des limites d'évaluation courante dans la section 2.5 du cnr - 102 et conformément avec RSS 102 de l'exposition aux RF, les utilisateurs peuvent obtenir des données canadiennes sur l'exposition aux champs RF et la conformité.

This equipment complies with Canada radiation exposure limits set forth for an uncontrolled environment. Cet équipement est conforme aux limites d'exposition aux rayonnements du Canada établies pour un environnement non contrôlé.

Radiation Exposure Statement for camera

This equipment should be installed and operated with minimum distance 0cm between the radiator & your body. Cet équipement doit être installé et utilisé à une distance minimale de 0 cm entre le radiateur et votre corps.

This product complies with the requirements of European Directives 72/23/EEC, 89/336/EEC, and 1999/5/EC.
