FCC Warning Statement

Changes or modifications not expressly approved by the party
responsible for
compliance could void the user's authority to operate the
equipment.
This equipment has been tested and found to comply with the
limits for a Class B digital device, pursuant to Part 15 of the
FCC Rules. These limits are designed to provide reasonable
protection against harmful interference in a residential
installation. This equipment generates uses and can radiate
radio frequency energy and, if not installed and used in
accordance with the instructions, may cause harmful
interference to radio communications. However, there is no
guarantee that interference will not occur in a particular
installation. If this equipment does cause harmful interference
to radio or television reception, which can be determined by
turning the equipment off and on, the user is encouraged to try
to correct the interference by one or more of the following
measures: --Reorient or relocate the receiving antenna.
--Increase the separation between the equipment and receiver.
--Connect the equipment into an outlet on a circuit different
from that to which the receiver is connected.
--Consult the dealer or an experienced radio/TV technician
for help
This device complies with part 15 of the FCC rules.
Operation is subject to the following two conditions (1) this
device may not cause harmful interference, and (2) this device
must accept any interference received, including interference
that may cause undesired operation.
Multimedia Hotkeys functions:

FN+ESC=F1toF12 key switch is the default the Multimedia
or default ofF1toF12 keyswitch

I received the keyboard does not work:
1. Plug the receiver again.
2. Please check the keyboard batteries for electric,
watch battery compartments are negative right into
the new battery.
3. Make the keyboard close to plug USB receiver within
30 centimeters, if I found the power indicator light flash,
keyboard to match.
