Subject: Application for Power-G Modem LP Module Class II Permissive Change of the product with FCC ID: WP3PGMODEMLP

Dear Gentlemen,

The following changes were implemented in approved Power-G Modem LP Module FCC ID: WP3PGMODEMLP .:

1. Removed microcontroller IC, and peripheral components
2. Modified the PCB due to the remove of the microcontroller IC

No impact in the RF performance of the device after removing microcontroller IC and peripheral .
