To Whom It May Concern:

The Visonic Ltd., PG2 RF Module, FCC ID: WP3RFD, and label are so small that it cannot include the statement specified in FCC Part 15 Sub-part A, Section 15.19 (a) (3)

“This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference and
- (2) This device must accept any interference received, including interference that may cause undesired operation.”

Due to this reason, we are using the provisions of Part 15 Sub-part A, Section 15.19 (a) (5) and this statement appears in a prominent location in the user manual.

The unit is so small that the FCC label cannot appear on the device itself and the label appears in all host user manuals.

Please contact me if there is any information you may need.

Thank you,
