

Re: Change of Identification Authorization, FCC ID: QQQWT41

Date: 11-7-2013

To Whom It May Concern:

This letter grants authorization for representatives of Topcon Positioning Systems to apply to the FCC for a change in identification as specified under 47CFR2.933 of the FCC rules.

This authorization applies to BlueGiga Technologies Inc Bluetooth Module WT41-N, FCCID: QQQWT41. We are aware that Topcon Positioning Systems Inc intends to market the above referenced product under their own FCC ID: WR4-TPSWT41.

Bluegiga Technologies will not be delivering modules with custom labeling. Bluegiga Technologies will deliver only modules with standard label QQQWT41 and Topcon Positioning Systems Inc is responsible for the labeling the module with their own FCC ID WR4-TPSWT41.

Sincerely,

A handwritten signature in black ink, appearing to be "Pasi Rahikkala". The signature is written in a cursive style with a large loop at the end.

Pasi Rahikkala, HW Compliance Engineer
