RE: PERMISSIVE CHANGE APPLICATION FOR SCIENTIFIC GAMES, FCC ID: WRH-TC01

The purpose of the application is to document the following changes to the previously certified product:

The "new" Ticket Checker is identical to the old one from a Radio point of view; only the Display and power circuit were modified to account for end-of-life component replacement.

No other changes were made to the equipment.

Sincerely,

A handwritten signature in red ink that reads 'Sandi McEnery'.
