

Immobilizer  
FCC ID: WRKRI-34BTY

November 11, 2008

**User Manual Statement (Immobilizer Model RI-34BTY)**

Our product, Immobilizer Model RI-34BTY, is used in a motor vehicle. The Immobilizer is supplied to a vehicle manufacturer as original equipment (OE), and it will be fitted to a motor vehicle before it is placed in the US/Canada market. For this reason, we do not issue any user manual for this product.

The statement such as in the attachment will be indicated in vehicle owner's manual.

Immobilizer  
FCC ID: WRKRI-34BTY

## Attachment

### **INSTRUCTIONS**

The immobilizer is a theft prevention system. When you insert the Key in the cylinder, the transponder chip built in the key's head transmits an electronic code to the vehicle. The vehicle allows the engine to start, only when the electronic code is identified.

### **For vehicles sold in U.S.A.:**

#### **NOTE**

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

#### **FCC WARNING**

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

### **For vehicles sold in Canada:**

#### **NOTE**

Operation is subject to the following two conditions:

- (1) this device may not cause interference, and
- (2) this device must accept any interference, including interference that may cause undesired operation of the device.
