

RFU630 UHF Antenna

For industrial and logistic applications

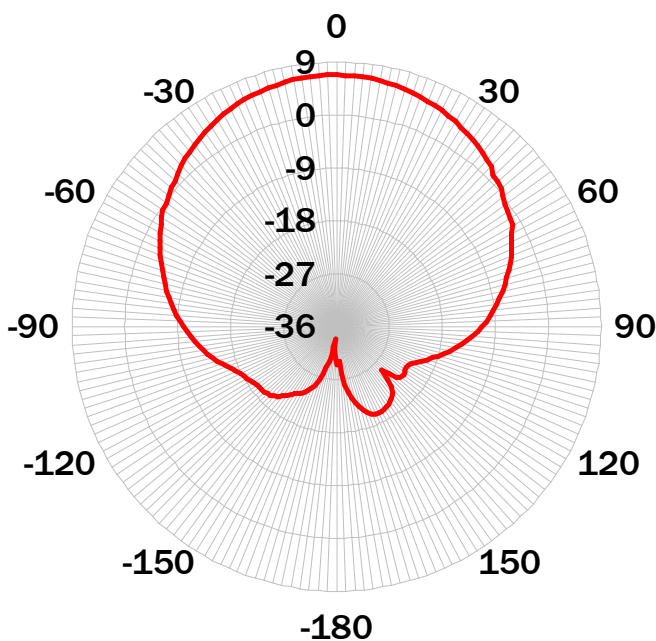

Multi Purpose UHF-RFID Antenna with high gain and excellent Front-to-Back Ratio.

Characteristics ideal for usage in logistics and industrial applications.

Robust Enclosure with IP65 (IP67) rating.

RADIATION PATTERN (915 MHz)

TECHNICAL DATA

Type	RFU 630 FCC
Frequency range	902-928 MHz (FCC)
Polarisation	RHCP
VSWR	< 1.2
Gain	7 dBic (+/- 1dB)
Axial Ratio	< 3dB (typ. 2dB) (+/-1dB)
3dB Beamwidth	72° (typ.)
Front-toBack Ratio	> 18dB
Dimensions	240x240x65mm (RFU630 Enclosure)
