

MET Laboratories  
914 W. Patapsco Ave.  
Baltimore, MD 21230

Reference: FCC ID: WRN-3 & WRN-4

To Whom It May Concern:

The Hillcrest Labs Loop™ Pointer and USB RF Transceiver are physically too small to support a label to provide the appropriate language as called out by the FCC in §15.19. In order to meet this label requirement, the statements are included in the Loop™ Pointer User Guide, located at page ii. This note is included herein for reference.

**This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: 1) this device may not cause harmful interference, and 2) this device must accept any interference received, including interference that may cause undesired operation.**

Sincerely,

A handwritten signature in blue ink, appearing to read "C. B. Karlin".

Dave Karlin  
Senior Vice President of Operations  
Hillcrest Laboratories, Inc
