● Please use USB power of DC5V for output when needed;
● Do not throw away or put it in fire to avoid any danger.

产品描述 Product Description

产品名称: G37运动蓝牙耳机
蓝牙版本: V4.1
充电方式: 电源适配器输入(DC4.8-6.0V 100mAh)
电池指标: 高性能锂聚合物锂电池
蓝牙指标: Class 2
支持协议: Headset/Handsfree/A2DP/AVRCP
持续通话时长: 约7小时
持续播放时长: 约5小时
待机时长: 约200小时

产品示意图 Product schematic

Product Description

Item: G37 Sport Bluetooth Headset
Bluetooth standard: V4.1
Charging means: power adapter output(4.8-6.0V 100mAh)
Battery: High-capability rechargeable lithium polymer battery
Bluetooth Operation: class 2
Profiles Supported: Headset/Handsfree/A2DP/AVRCP
Talk time: up to 7 hours
Playing time: up to 5 hours
Stand by time: up to 200 hours

Product Schematic

Handling of the Waste Electrical

The waste Electrical

This marking shown on the product or its literature indicates that it should not be disposed with other household wastes at the end of its working life.

To prevent possible harm to the environment or human health from uncontrolled waste disposal, please separate this from other types of wastes and recycle it responsibly to promote the sustainable reuse of material resources.

Household user should contact either the retailer where they purchased this product or their local government office, for details of where and how they can take this item for environmentally safe recycling.

Business users should contact their supplier and check the terms and conditions of the purchase contract. This product be mixed with other commercial wastes for disposal.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generate, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions,

Service Regulations and Explanation

The waste Electrical

may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: - Reorient or relocate the receiving antenna. - Increase the separation between the equipment and receiver. - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. - Consult the dealer or an experienced radio/TV technician for help.

After service

(A) Service system
