

Date: 1-23-13

Federal Communications Commission
Authorization and Evaluation Division

Confidentiality Request regarding application for certification of FCC ID: WU8NB24BS

Pursuant to Sections 0.457 and 0.459 of the Commission's Rules, we hereby request confidential treatment of information accompanying this application as outlined below:

Exhibit Type	File Name
Block Diagram	WU8NB24BS BlkDia.pdf
Schematics	WU8NB24BS Schem.pdf
Operational Description	WU8NB24BS OpDes.pdf
Internal Photos	WU8NB24BS IntPho.pdf
User Manual	WU8NB24BS UserMan.pdf

The above materials contain trade secrets and proprietary information not customarily released to the public. The public disclosure of these materials may be harmful to the applicant and provide unjustified benefits to its competitors. The device is sealed and disassembly would destroy the product, consequently it is requested that internal photos be held confidential. The user manual provided is an internal version and will not be supplied to the final customer, consequently it is requested that the user's manual be held confidential. The OEM will have a section in the vehicle owner's manual pertaining to the device and will include the proper FCC statement as well.

The applicant understands that pursuant to Section 0.457 of the Rules, disclosure of this application and all accompanying documentation will not be made before the date of the Grant for this application.

Pursuant to DA04-1705 June 15, 2004 of the Commission's public notice, we also require temporary confidential treatment of information accompanying this application as outlined below:

Exhibit Type	File Name
External Photos	WU8NB24BS ExtPho.pdf
Test Set Up Photos	WU8NB24BSTsup.pdf

Temporary confidentiality from public disclosure is important for Autoliv Electronics America from a commercial perspective. It enables the company to complete its development and regulatory efforts prior to introducing the product to the marketplace. Releasing information on the product via the FCC website prior to formal market introduction can be confusing to our customers and places the company at a competitive disadvantage.

Sincerely,

Jeff Schaefer
